Vessel Owner: _____

Slip Number: _____

Vessel Name: _____

The above named person, who is the owner of the above specified vessel and who executed a Maritime Contract for Private Wharfage, has requested permission from Stockton Downtown Marina (the "Marina") to affix or otherwise secure a television antenna or satellite dish to a piling or other marina property adjacent to the above identified slip. The Marina agrees to allow such installation, subject to the terms herein.

The vessel owner, shall, before installing any antenna or satellite dish, notify the Marina Manager of the precise location where such owner wishes to install such device. Any antenna or satellite dish installed shall be done at the vessel owner's sole risk and expense. The vessel owner shall indemnify, protect and defend Stockton Downtown Marina from and against all actual or potential liability or harm caused or occasioned by the installation of any antenna or satellite dish. Only one antenna or satellite dish may be installed. In no event may a coaxial or other part of any antenna or satellite dish cross a dock or otherwise present a trip hazard. Stockton Downtown Marina may in its unfettered discretion revoke its permission at any time by providing the vessel owner with written notice of such decision. In such event, the vessel owner shall remove the antenna or satellite dish within seven (7) calendar day of such notice, or such other period specified in such notice. Upon such removal, all holes must be filled and any damage repaired, so that the place where the antenna or satellite dish was installed is returned to the pre-installation condition. If the owner fails to do so, Stockton Downtown Marina may do so and charge the vessel owner for all related costs. Upon termination of the vessel owner's Contract for Private Wharfage, whether by the vessel owner or the Marina, the vessel owner shall remove any antenna or satellite dish from the Marina's property.

All terms and conditions of the Contract for Private Wharfage remain unaltered by this Conditional Authorization to Install Antenna or Satellite Dish.
